

TRIATHLON RULES:

We anticipate that the actual shooting time will take about 2 hours to complete per person in the triathlon.

On the Rifle Range - Targets will be shot at 50, 100, 200, and 300 yards. 3 shots per target and one mulligan to replace one shot taken at any target. If the mulligan is taken at the 300 yard range it can be counted for an extra score. Center ring = 4 points, next two rings = 3 points, next two rings = 2 points and hit the paper for a point. Broken lines score to the lower point value. The same firearm must be used at all targets. **NO CHANGING OUT GUNS!** In the event of a tie a 300 yard shoot off will be held in alternating shots with a set of three shots per competitor. A card draw to determine first shooter, with the king high and ace low, the winner will be able to decide who goes first.

On the Trap Range – Two rounds of trap will be shot, with a total of 50 birds thrown for each competitor. The first round will be normal Trap and the second round will be doubles (two birds thrown at once). The men's divisions will compete at the 19 yard line and the women's division will compete at the 16 yard line. The same firearm must be used at all targets. **NO CHANGING OUT GUNS!** In the event of a tie a shoot off will be held with a round of doubles at 23 yards. A card draw to determine first shooter, with the king high and ace low, the winner will be able to decide which station he would like to start at.

On the Archery Range - 13, 3-D Targets will be set up in sets of two; two shafts per target, two points per shaft in the kill zone and minus one point for the rest of the body. Broken lines count for the higher score. In the event of a tie, a shoot off will be held with two special targets at a separate location. A card draw to determine first shooter, with the king high and ace low, the winner will be able to decide who goes first.

Triathlon - Competitors will compete in all the previously described events. Total score determining the winner and Grande Champions of the event. **In the event of a tie in the Triathlon a shoot off will be held as prescribed in the "Trap" with a round of doubles at 23 yards.**

All rules are subject to the discretion of the directors the day of the event.
